S38: Adding suffixes beginning with vowel letters to words of more than one syllable

A **suffix** is added to the end of a root word to make a new word.

When a word ends in **y**, change the **y** to an **i** before the **suffix** is added but **not before -ing**.

For example:

happy + est = happiest

The final **consonant** is **doubled** before the **vowel suffix** is added if the root word:

- ends with **one vowel** and a **consonant**
- has more than **one syllable**
- has the last **syllable** of the word **stressed**

For example:

begin + ing = beginning

1 Circle the correct spelling of the word in each row.

A **suffix** is added to the end of a root word to make a new word.

You can change **verbs** into **nouns** by adding the suffix **-ation** (meaning an action or a process).

For example:

expect + ation = expectation.

Sometimes the root word changes before the suffix is added.

When a word ends in a **y**, change the **y** to an **i** before adding the suffix **-ation**. Usually, a **c** is also added after the **i**.

For example:

specify + ation = specification

Drop the silent **-e** at the end of a root word before adding the suffix **-ation**.

For example:

circulate + ation = circulation

3 Write down as many smaller words as you can, using letters from the word **conversation**.

You can change **adjectives** into **adverbs** by adding the suffix **-ly**,

For example:

kind + ly = kindly.

The suffix **-ly** starts with a consonant letter so **in most cases**, it is added straight on to the root word. Sometimes, the root word changes before the suffix is added.

If the root word has **more than one syllable** and ends in a **y** with a **consonant letter before it**, the **y** is changed to an **i**.

For example:

happy + ly = happily

If the root word ends with **le**, remove **le**.

For example:

gentle + ly = gently

If the root word ends with **ic**, **-ally** is usually added.

For example:

comic + ally = comically
