

Spring Test 1

Questions, Answers and Topic Information

Read the following instructions or press 'play' ► and listen to the instructions being read from the CD-ROM.

Listen carefully to the instructions I am going to give you. When I have finished reading them, I will answer any questions. You will not be able to ask any questions once the test has begun.

I am going to ask you 15 questions. On your sheet there is an answer box for each question, where you should write the answer to the question and nothing else. You should work out the answer to each question in your head, but you may jot things down outside the answer box if this helps you. Do not try to write down your working because this will waste time and you may miss the next question. For some of the questions, important information is already written down for you on the answer sheet.

I will read each question twice. Listen carefully both times. You will then have time to work out your answer. If you cannot work out an answer, put a cross in the answer box. If you make a mistake, cross out the wrong answer and write the correct one next to it. There are some easy and some harder questions, so do not be put off if you cannot answer a question.

Now pause, or press 'pause' ■■ on your CD player or computer. Ask the children if they have any questions. Once you have answered all the questions, read out the following instructions. Alternatively, play the audio recording from the CD-ROM.

► Now we are ready to start the test.

	Answer	Topic
For this group of questions you will have 5 seconds to work out each answer and write it down.		
1 Take away five from thirty-seven.	32	AS
2 What is three hundred plus ten?	310	AS
3 What is two hundred minus three?	197	AS
4 Look at your answer sheet. What number comes next?	200	NPV
5 What must you add to thirty-six to make one hundred?	64	AS
6 Multiply four by six.	24	MD
7 What is twenty more than forty-two?	62	AS
8 How many days in a year?	365	M
9 What number is halfway between thirty and sixty?	45	NPV
10 Look at your answer sheet. Tick the shape that has only two right angles.		PD

For this group of questions you will have 10 seconds to work out each answer and write it down.

11 Look at your answer sheet. Estimate the missing number.	45	NPV
12 Look at your answer sheet. Circle the word that is the shortest length of time.	minute	M
13 Sam has forty-eight stickers and Max has thirty. How many more stickers does Sam have than Max?	18	AS
14 What must you add to three-fifths to make a whole one?	$\frac{2}{5}$	F
15 Look at your answer sheet. Circle the shape that has one half shaded.		F

Now put down your pen or pencil. The test is finished.

NPV = Number, place value AS = Addition and subtraction MD = Multiplication and division F = Fractions
 M = Measurement PS = Properties of shapes PD = Position, direction S = Statistics
