WELCOME TO THE ORBIT ONLINE

BY CHARLOTTE ATKINSON

We hope you enjoy this recap of (almost) everything that has happened during online learning - you have made wartime recipes, raised money for charity, created beautiful rock snakes and been on TV!

The Orbit is a little (lot) different than usual. As you can see its not a printed issue and it's just a bit late....

We hope you enjoy it!

LOTS OF LOCKDOWN LEARNING! 😊

Bye Bye Year sixes we'll miss you!

Goodbye Year 6!

What Did Our Teachers Get Up To?

Mrs Hall

During lockdown, I missed hugging my nephews and my parents more than anything else. Although I must confess, I missed eating out in restaurants a little bit too!

I didn't learn any new skills as such but I learned how much I love watching wildlife in the garden: the butterflies, frogs, newts, bees, birds, deer, foxes and, of course, my favourites - the hedgehogs! My new wildlife camera has changed my life.

Mrs Morris

During lockdown I have missed seeing all of my family who live in Devon, missed hugging my friends, missed going to the beach and seeing the sea and missed a busy classroom full of children!

I have actually been learning to play the violin (terribly) during lockdown. I started to learn in February but have had more time to practise during lockdown.

Mrs Mitchell

During lockdown, I've missed face to face contact with friends and students, hopping on the train to go to the theatre in London and making plans for holidays.

I've learnt lots of new things: how to use new computer software, a little bit of Spanish vocabulary every day, how to bake some things (not very well), how to grow plants from seeds and how to be more patient waiting for those seeds to grow! I've enjoyed coming up with home learning ideas and testing them out myself. for I also learnt the names and calls of the birds in my garden. Overall, I've learnt to slow down a bit and enjoy just what I have at home.

What Did Our Teachers Get Up To?

Mrs Burr

I've missed the freedom of being spontaneous and changing my mind about what to have for dinner! Some days I just don't fancy what I planned on the list.

During lockdown, I have learnt to relax a little bit more and enjoy family time, rather than driving to and from clubs and activities. I've also baked a LOT and make the best rhubarb crumble muffins, carrot cake muffins, chocolate brownies and cookies galore!

Miss Hallahan

I've missed seeing my family and friends, playing netball and going to the theatre.

I've re-learnt my love of reading, art and baking and I'm trying to love diy, gardening and running!

Thank you to everyone for their help!
