

Name: _____ Date: _____

Choose one pencil case to look at carefully. Draw a labelled diagram in the box, then write six adjectives around your diagram to describe what the pencil case is like.

Name: _____ Date: _____

Choose two pencil cases to look at carefully. Draw a labelled diagram for each one, then write six adjectives around your diagram to describe what the pencil cases are like.

Name: _____ Date: _____

Choose two pencil cases to look at carefully. Draw a labelled diagram for each one, then answer the questions to describe what they are like.

Pencil case 1:

What materials is it made from?

How is it opened and closed?

How big is it?

Pencil case 2:

What materials is it made from?

How is it opened and closed?

How big is it?

Name two differences between these pencil cases:

Name two similarities between these pencil cases:

Which pencil case do you prefer and why?

What is your pencil case like?

rigid	flexible	hard	soft
fluffy	smooth	shiny	dull
stretchy	stiff	waterproof	absorbent
light	heavy	transparent	opaque

What is your pencil case like?

rigid	flexible	hard	soft
fluffy	smooth	shiny	dull
stretchy	stiff	waterproof	absorbent
light	heavy	transparent	opaque

What is your pencil case like?

rigid	flexible	hard	soft
fluffy	smooth	shiny	dull
stretchy	stiff	waterproof	absorbent
light	heavy	transparent	opaque

Name: _____ **Date:** _____

What should a pencil case be like? Read the Criteria Cards and decide which of these columns they should go in.

A pencil case has to be...	A pencil case could be...	A pencil case should not be...

big enough to hold pencils and pens	made from glass	transparent
really heavy	have secure joins so nothing falls out	made from paper
small enough to fit in a pocket	easy to carry around	opened and closed with a button
able to hold a rubber and a ruler	opened and closed with a zip	rigid
flexible	waterproof	able to open and close securely
