

What is the SPA?

Raises money to help fund projects like extending play areas, ongoing support of the IT needs, coaches for theatre visits, inviting local artists to work with children, animal encounters etc.

The SPA thrives on communication so you'll always find someone available at the school gates for a face-to-face, on the Whatsapp group for general day-to-day queries, or at the monthly SPA meetings for progress updates, problem-solving, the President's report and Treasurer's report.

The SPA runs approximately 10 themed events each year like Treasure Hunt and Picnic, a Bingo Night, The Winter Wonderland, Quiz and Curry night, a Disco night, a Summer Fete etc.

The starting point for the school community and a support means and point of contact for all parents.

"All the money in the world cannot make a good school, but the right approach, working in partnership, and commitment, can! Our aim is that we will work together to help the school and this in turn will help the children."

The SPA appreciates every member's contribution no matter how little or how large.

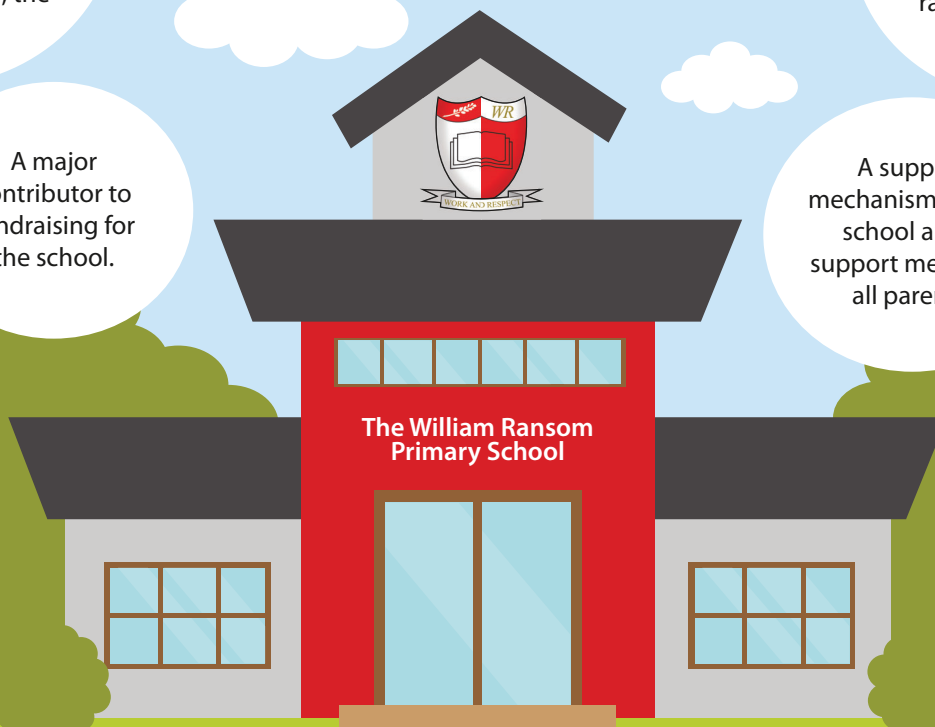

A team of parent volunteers with each committee member playing a part in supporting the school, its parents and most importantly, the children.

The SPA organises and runs fun events for all the family and nights out for grow-ups to help raise money for the school.

A major contributor to fundraising for the school.

A support mechanism for the school and a support means for all parents.
